Trading on misery

## 8-14 News

8-10 News

12-14 Equipment news

## 16-22 In-depth

16-21 **Employment** | In demand naval architects eye new jobs

22 **EEDI** | Class wants EEDI clarity

## 72 Crew's views

## 79 Diary

I prefer to restore than repair. I prefer Original Parts and Original Service from ABB.

Power and productivity for a better world™ **ABB**

ABB Turbocharging's Original Parts and Original Service restore your turbocharger to peak condition. The result is minimized fuel consumption, maximized availability, optimized emissions and revitalized output. [www.abb.com/turbocharging](http://www.abb.com/turbocharging)

## 24-71 Features

### Feature 1 South Korea

- 24-28 Yards succumb to new economic order
- 28-30 KR throws its weight behind carbon taxes
- 32-36 Samsung and GTT in legal wrangle over LNG CCS
- 38-42 Koreans join BWTS battle

### Feature 2 Container ships

- 44-48 New regulations herald change of emphasis for box ship operators

### Feature 3 CAD/CAM

- 50-52 Distributed engineering for shipbuilders
- 55-57 Maxsurf moves on to version 17
- 59-60 QinetiQ makes waves

### Feature 4 Lifesaving and ship safety

- 63-64 Viking goes Polar with latest liferaft
- 64-66 SSE fire detection device gets approval
- 66-68 Hanging on for hook clarity
  - 70 Putting the standards into practice
- 70-71 LSA extends its reach

### On-line Edition

The Royal Institution of Naval Architects is proud to announce that as of January this year, *Shiprepair and Conversion Technology* journal has gone digital. We are very pleased to inform the maritime industry that each issue will be published online, on the RINA website. Visit [www.rina.org.uk/srct](http://www.rina.org.uk/srct) and click on the issue cover you wish to view. This means that the entire publication, including all editorials and advertisements in the printed edition, can be seen in digital format and viewed by members, subscribers, and (for a limited time) any other interested individuals worldwide.
