The next generation Aziprod becomes popular for its better efficiency gains.

Confidence is good,
 checking is better.
 I check that we fit
 ABB Original Parts.

Power and productivity
 for a better world™ **ABB**

Original parts from ABB Turbocharging incorporate technology, knowledge and experience straight from the OEM. Their high specification means maximized fuel economy and operational safety. www.abb.com/turbocharging

24-60 Features

Feature 1 Shipbuilding technology: methods & materials

- 24-30 Grasping shipping's Holy Grail
- 31-35 Driving the adoption of cutting edge technology in shipbuilding

Feature 2 Propellers & thrusters

- 36-38 Azipod design reflects unerring drive for efficiency gains
- 38-40 Schottel raises its game
- 42-43 Advanced Mermaid system chosen for Germany's cruise ship
- 44 Clutch of orders for next generation Azipod
- 44 Addressing challenges of station-keeping in ice
- 46 ABB services boosts Azipod appeal

Feature 3 CFD & hydrodynamics

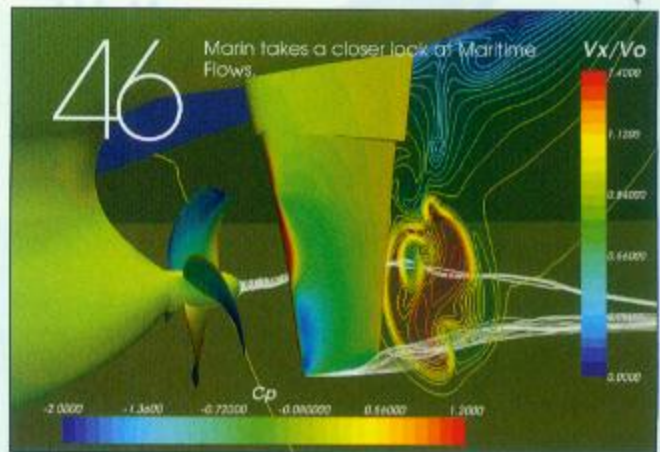

- 47-50 Setting the trends for CFD for Maritime Flows
- 52-55 Accurate model and full-scale viscous flow computations on propulsors

Feature 4 Russia

- 56-58 Russians bring experience to winter navigation safety

Feature 5 Mega yachts

- 59-60 Large yacht market stays buoyant

On-line Edition

The Royal Institution of Naval Architects is proud to announce that as of January this year, *Shiprepair and Conversion Technology* journal has gone digital. We are very pleased to inform the maritime industry that each issue will be published online, on the RINA website. Visit www.rina.org.uk/srct and click on the issue cover you wish to view. This means that the entire publication, including all editorials and advertisements in the printed edition, can be seen in digital format and viewed by members, subscribers, and (for a limited time) any other interested individuals worldwide.
