

# COASTAL ENGINEERING JOURNAL

Volume 53 • No. 1 • March 2011

## CONTENTS

- Dynamic Response of Caisson Breakwaters: Suggestions for the Equivalent Static Analysis of a Single Caisson in the Array ..... 1  
*L. Martinelli and A. Lamberti*
- Assessment of Future Stability of Breakwaters Under Climate Change ..... 21  
*H. Takagi, H. Kashihara, M. Esteban and T. Shibayama*
- Three-Dimensional Numerical Analysis of Jet-Induced Local Scouring in Front of Quay Walls and Its Countermeasure Using Filter Units ..... 41  
*T. Nakamura, N. Mizutani, Y. Shinoda and H. Koyama*

This journal is covered in SciSearch<sup>®</sup> (also known as Science Citation Index-Expanded), ISI Alerting Services (includes Research Alert<sup>®</sup>), Cambridge Scientific Index, Environment Abstracts, CSA Selected Water Resources Abstracts, CSA Oceanic Abstracts, CSA Health and Safety Abstracts, CSA Aquatic Sciences and Fisheries Abstracts (ASFA), Current Contents<sup>®</sup>/Engineering, Computing and Technology, and Compendex.
