

<b>New fault-tolerant flux-mnemonic doubly-salient permanent-magnet motor drive</b> C. Yu and K.T. Chau	393
<b>Voltage angle direct torque control of induction machine in field-weakening regime</b> P. Matić and S.N. Vukosavić	404
<b>Numerical modelling of transformers interturn faults and characterising the faulty transformer behaviour under various faults and operating conditions</b> V. Behjat and A. Vahedi	415
<b>Comparative study of unsymmetrical voltage sag effects on adjustable speed induction motor drives</b> M. Petronijević, B. Veselić, N. Mitrović, V. Kostić and B. Jeftenić	432
<b>Vector control PWM-VSI induction motor drive with a long motor feeder: performance analysis of line filter networks</b> A.K. Abdelsalam, M.I. Masoud, S.J. Finney and B.W. Williams	443
<b>Adaptive speed controller design for a permanent magnet synchronous motor</b> H.H. Choi, V.Q. Leu, Y.-S. Choi and J.-W. Jung	457
<b>Discrete fault-clearing instant influence on the simulation of voltage-source-inverter-fed adjustable-speed drives subjected to voltage sags</b> F. Córcoles, S. Bogarra, J. Pedra and A. Luna	465
