

ARTICLES

Relative contribution of viral lysis and grazing to bacterial mortality in tropical coastal waters of peninsular Malaysia
Choon Weng Lee and Chui Wei Bong..... 1

Underwater video monitoring of groupers and the associated hard-bottom reef fish assemblage of North Carolina
Erin J Burge, James D Atack, Craig Andrews, Benjamin M Binder, Zachery D Hart, Amanda C Wood, Lauren E Bohrer, and Keshav Jagannathan..... 15

Spawner-recruit relationships of demersal marine fishes: prior distribution of steepness
Kyle W Shertzer and Paul B Conn..... 39

Origin of the Luzon Undercurrent
Qingye Wang and Dunxin Hu 51

Effect of the Kuroshio on the spatial distribution of the red flying squid *Ommastrephes bartramii* in the northwest Pacific Ocean
Xinjun Chen, Jie Cao, Yong Chen, Bilin Liu, and Siqian Tian 63

Distribution of the nurse shark, *Ginglymostoma cirratum*, in the northern Gulf of Mexico
Kristin M Hannan, William B Driggers III, David S Hanisko, Lisa M Jones, and Amanda B Canning..... 73

Effects of feeding on the growth rates of captive-bred *Heteractis crispa*: a popular marine ornamental for aquariums
Anna Scott..... 81

Negative consequences of Allee effect are compounded by fishing pressure: comparison of queen conch reproduction in fishing grounds and a marine protected area
Allan W Stoner, Martha H Davis, and Catherine J Booker..... 89

NEW TAXA ARTICLES

A new species of the bathypelagic shrimp genus *Pasiphaea* Savigny, 1816 (Crustacea: Decapoda: Caridea) from off Hawaii, Central Pacific
Tomoyuki Komai and Tin-Yam Chan 105

A new species of *Uroptychus* (Decapoda: Anomura: Chirostylidae) from Taiwan
Patricia Cabezas, Chia-Wei Lin, and Tin-Yam Chan 113

CORAL REEF ARTICLES

Nitrogen and carbon isotopic systematics of the Florida reef tract
K Lamb, PK Swart, and MA Altabet 119

Coral reef fish assemblage shifts and declines in Biscayne National Park, Florida, USA
GT Kellison, V McDonough, DE Harper, and JT Tilmant..... 147

PORTRAITS OF MARINE SCIENCE

Spawning of three-year-old *Acropora millepora* corals reared from larvae in northwestern Philippines
Maria Vanessa B Baria, Dexter W dela Cruz, Ronald D Villanueva, and James R Guest 61

NOTE

Morphological changes in polyp structure of massive coral species in clear and turbid waters
C Pisapia, SJ Hennige, J Haapkylä, R Matteucci, and DJ Smith..... 183

BOOK REVIEW

Fishes: The Animal Answer Guide by Gene Helfman and Bruce Collette
Michelle Paddock..... 193
