

ARTICLES

- Territoriality, reproductive behavior, and parental care in gray triggerfish, *Balistes capricus*, from the northern Gulf of Mexico
 Carrie M Simmons and Stephen T Szedlmayer 197
- Factors affecting resource use variation for an abundant coastal fish predator, *Lutjanus apodus*, in a Bahamian wetland system
 Caroline M Hammerschlag-Peyer and Craig A Layman 211
- Sexual difference in the migration pattern of blue marlin, *Makaira nigricans*, related to spawning and feeding activities in the western and central North Pacific Ocean
 Tamaki Shimose, Kotaro Yokawa, Hirokazu Saito, and Katsunori Tachihara 231
- Food size dependent feeding and egg production of *Acartia pacifica* from a tropical strait
 Teruaki Yoshida, Er Jin Eio, Tatsuki Toda, and Bin Haji Ross Othman 251
- Substrate kinetics of DMSP-lyases in various cultured *Symbiodinium* strains
 Denise M Yost and Carys L Mitchelmore 267
- An indeterminate model to estimate egg production of the highly iteroparous and fecund fish, dolphinfish (*Coryphaena hippurus*)
 Richard S McBride, Derke JG Snodgrass, Douglas H Adams,
 Steven J Rider, and James A Colvocoresses 283
- Permanent and transient leaf reddening in the seagrass *Thalassia testudinum*
 Alyssa B Novak and Frederick T Short 305

NEW TAXA ARTICLES

- A new species of *Leptogorgia* (Cnidaria: Anthozoa: Octocorallia) from the Mexican Pacific Coast
 Odalisca Breedy, Rosalinda Abeytia, and Hector M Guzman 319
- A new species of *Ensayara* (Crustacea: Amphipoda: Endeavouridae) from a tropical coral reef system, SW Gulf of Mexico
 Ignacio Winfield and Manuel Ortiz 327

CORAL REEF ARTICLES

- Cryptofaunal polychaetes from oceanic and continental reefs in Venezuela
 Patricia V Fernández, David Bone, and Carmen Rodríguez 339

PORTRAITS OF MARINE SCIENCE

- Group nest clearing behavior by the sergeant major *Abudefduf saxatilis* (Pisces: Pomacentridae)
 Ronaldo Bastos Francini-Filho, Ericka Oliveira Cavalcanti Coni, Camilo Moitinho Ferreira,
 Aline Cristina Alves, Laís Silva Rodrigues, and Gilberto Menezes Amado-Filho 195
- Intraspecific cooperation facilitates synergistic predation
 Christopher D Stallings and Andrea L Dingeldein 317
- Range extensions for several species of *Acropora* in the Hawaiian Archipelago and the Papahānaumokuākea Marine National Monument
 Jacob Asher, James Maragos, Jean Kenyon,
 Bernardo Vargas-Ángel, and Edmund Coccagna 337

NOTE

- Sexual dimorphism of statolith growth for the south Patagonian stock of *Illex argentinus* off the Exclusive Economic Zone of Argentina
 Xinjun Chen, Huajie Lu, and Bilin Liu 353

BOOK REVIEW

- Understanding Sea-Level Rise and Variability* by John H Church, Phillip L Woodworth, Thorkild Aarup, and W Stanley Wilson (editors)
 Juan Camilo Jaramillo 363
