Features

18 SMM preview

Safety at Sea turns the safety spotlight on the world's biggest maritime exhibition

30 Bulker safety

Why a dry cargo endorsement could be the key to preventing liquefaction casualties

40 Navigation and bridge

Melting ice will create both opportunities and risks for shipping in the Polar regions

on the cover

Operating in ice-covered regions is a challenge, and one that is set to confront more seafarers as voyages in the Polar regions become more common. "You can't take anything for granted in extreme cold," one expert told SAS. Find out more in our ice-focused navigation and bridge feature beginning on **page 40**

Regulars

4 Our say

Improving crew competence is crucial, but shipping companies must bear the safety burden too, says SAS's managing editor

5 Your say

Let's be realistic about watchkeeping and crew levels, says one SAS reader

6 News

Costa Concordia latest; Zanzibar ferry disaster; EU shelves Filipino ban; IMO outlines ECDIS fears; *Star Princess* suit latest; fire test code enters into force

14 Security news

Absalon deaths 'not murder'; weather and guards slow pirates; Asian attacks fall; West African pirates take hostages

16 Training news

Gearing up for the ECDIS deadlines; ISF updates manual; Nigerian training scam

48 Regulation insight

Analysing the outcomes of MSC 90 for ship security and counter-piracy

49 Products

ECDIS retrofits and multiple voice calls

50 Safety briefing

A crew member fails to recognise the dangers of unauthorised access

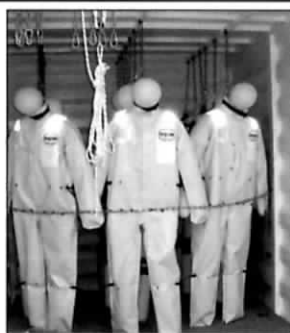

52 MARS

A wire parts on an accommodation ladder and an STS operation ends in contact

58 View astern

'Safety 1st' comes last at the Fairplay Cup
