Nigeria battles bogus certificates; education leaders 'need support'; AMC and TAFE strengthen ties

40 Regulation insight
Understanding sewage standards

41 Products
Outsourcing security management and expanding crew communications

42 Safety briefing
Quayside contact, a deadly fall and a poorly located party for you to analyse

44 MARS
Deck scalers, disc grinders and waste oil tanks pose hazards in these reports

50 View astern
When is a class society not a class society?

on the cover

The compliance deadline for new lifeboat release and retrieval systems is a long way off, but there are concerns about the scale of the challenge. What are manufacturers doing to push the industry towards the 2019 finish line? You can get to grips with the issue by reading our feature beginning on page 26
