

JOURNAL OF THE
WORLD AQUACULTURE SOCIETY

Volume 43

February 2012

No. 1

Research Articles

- Alternative Protein Sources in Artificial Diets for New Zealand's Black-Footed Abalone, *Haliotis iris*, Martyn 1784, Juveniles. Che-Huang Tung and Andrea C. Alfaro 1–29
- Onion Powder in the Diet of the Olive Flounder, *Paralichthys olivaceus*: Effects on the Growth, Body Composition, and Lysozyme Activity. Sung Hwoan Cho and Sang-Min Lee 30–38
- The Effect of Vitamins on Weight Gain and Organ Production in the Sea Urchin, *Lytechinus variegatus* (Echinodermata: Echinoidea). Warren T. Jones, Hugh S. Hammer, Mickie L. Powell, Victoria K. Gibbs, John M. Lawrence, Addison L. Lawrence, and Stephen A. Watts 39–50
- In Vitro Protein Digestibility of Dietary Ingredients Throughout Ontogeny of California Halibut, *Paralichthys californicus*, Larvae. E. Martínez-Montaño and J. P. Lazo 51–62
- Comparison Between Individual and Group Rearing Systems in *Octopus vulgaris* (Cuvier, 1797). J. Estefanell, J. Roo, H. Fernández-Palacios, M. Izquierdo, J. Socorro, and R. Guirao 63–72
- Genetic Diversity and Population Structure in the Heavily Exploited Korean Rockfish, *Sebastes schlegeli*, in Korea. Hyesuck An, Mi-Jung Kim, Kwangjae Park, Keechae Cho, Bongseong Bae, Jaewoo Kim, and Jeong-In Myeong 73–83
- Production of the Endangered Rio Grande Silvery Minnow, *Hybognathus amarus*, in the Conservation Rearing Facility at the Los Lunas Silvery Minnow Refugium. Alison M. Hutson, Louie A. Toya, and Douglas Tave 84–90
- Effects of KK-42 on Expression of 3-Hydroxy-3-Methylglutaryl-Coenzyme A Reductase in *Penaeus schmitti*. Xichao Xia, Wenfeng Wang, Xueshen Wang, Xin Li, and Qianji Ning 91–96
- Effect of Salinity Change on Biomass and Biochemical Composition of *Nannochloropsis oculata*. Na Gu, Qiang Lin, Gang Li, Geng Qin, Junda Lin, and Liangmin Huang 97–106
- Evaluation of Corn Gluten Feed and Cottonseed Meal as Partial Replacements for Soybean Meal and Corn in Diets for Pond-raised Hybrid Catfish, *Ictalurus punctatus* × *I. furcatus*. Menghe H. Li, Edwin H. Robinson, Daniel F. Oberle, Penelope M. Lucas, and Brian G. Bosworth 107–113

Research Notes

- Effects of Feed Type and Temperature on Growth of Juvenile Abalone, *Haliotis discus hannai* Ino. Sung Hwoan Cho and Dong Soo Kim 114–119
- Anesthesia during Vaccination of Atlantic Salmon: Compliance with Recommended Procedures. Anne-Grethe T. Berg, Eva Haagensen, and Tor Einar Horsberg 120–127
- Impact of Aeration on the Growth Performance of Silver Barb, *Puntius gonionotus*, during Fingerling Rearing. Pratap Chandra Das, Joykrushna Jena, Bibhudatta Mishra, and Bikash Kumar Pati 128–134

Communications

- Effects of Fry Age-at-Stocking on Growth and Survival of Channel Catfish. Charles C. Mischke, Terrence E. Greenway, Matt J. Griffin, and David J. Wise 135–139
- Superglue is Not Super: An Assessment of Superglue for Suturing Tag Incisions in a Cultured Marine Fish. Vincent Raoult, Culum Brown, and Jane E. Williamson 140–143
