

Ocean Science Journal

All Volumes & Issues

Volume 47, Issue 2, June 2012

ISSN: 1738-5261 (Print) 2005-7172 (Online)

In this issue

(9 articles)

Editorial

[Dear readers of and contributors to Ocean Science Journal](#)

Won Joon Shim

[Download PDF](#) (285KB)

Page 73

Article

[The study on highly expressed proteins as a function of an elevated ultraviolet radiation in the copepod, *Tigriopus japonicus*](#)

Igor Z. Zubrzycki, Seunghan Lee, Kanghyun Lee, Magdalena Wiacek...

[Download PDF](#) (665KB)

Pages 75-82

Article

[Decadal changes in fish assemblages in waters near the leodo ocean research station \(East China Sea\) in relation to climate change from 1984 to 2010](#)

Kangseok Hwang, Sukgeun Jung

[Download PDF](#) (1412KB)

Pages 83-94

Article

[DNA damage in the gill cells of the marine scallop *Mizuhopecten yessoensis* during anoxic stress and aerobic recovery](#)

Valentina V. Slobodskova, Avianna F. Zhukovskaya...

[Download PDF \(580KB\)](#)

Pages 95-100

Article

Taxonomic studies on Korean marine benthic diatoms — LM and SEM observations of the diatom genus *Amphora* (Bacillariophyceae) from Korean tidal flats with the first recordings of *A. arenicola*, *A. beaufortiana* and *A. maletractata* var. *constricta*

Jinsoon Park, Chul-Hwan Koh

[Download PDF \(3378KB\)](#)

Pages 101-112

Article

Spatial distribution and biodiversity of macrofauna in the southeast of the Caspian Sea, Gorgan Bay in relation to environmental conditions

Mehrshad Taheri, Maryam Yazdani Foshtomi, Majid Noranian...

[Download PDF \(748KB\)](#)

Pages 113-122

Article

Modelling the effect of climate change on the wave climate of the world's oceans

Erik Vanem, Bent Natvig, Arne Bang Huseby

[Download PDF \(1519KB\)](#)

Pages 123-145

Note

Morphometric and molecular data on two mitochondrial genes of a newly discovered chimaeran fish (*Hydrolagus melanophasma*, Chondrichthyes)

José De La Cruz-Agüero, Francisco Javier García-Rodríguez...

[Download PDF \(621KB\)](#)

Pages 147-153

Note

Estimation of the minimum food requirement using the respiration rate of medusa of *Aurelia aurita* in Sihwa

Lake

Chang-hoon Han, Jinho Chae, Jonghyeok Jin, Wonduk Yoon

[Download PDF](#) (591KB)

Pages 155-160
