

contents

October 2013, Vol 47, No 536

Features

16 Lifesaving appliances

Abandoning a cargo vessel safely requires great focus, organisation and teamwork

22 Passenger ship safety

A report on the *Carnival Splendor* fire has sparked inspection changes at the USCG

28 Fire and gas

Examining the results of a recent PSC inspection campaign focused on fire safety

Safety at Sea on the cover

Liferafts from the sunken ferry *St Thomas Aquinas* are seen floating in front of the container ship *Sulpicio Express Siete*, with which the vessel collided off Cebu in the central Philippines on 16 August. More than one hundred people died in the incident. Our full report into the disaster is **on page 6**

Regulars

4 Our say

Recent casualties show the importance of fire drills, says SAS's managing editor

5 Your say

A master examines a key development from the MLC 2006: the creation of Recruitment and Placement Services
