COASTAL ENGINEERING JOURNAL

Volume 54 • No. 4 • December 2012

CONTENTS

Determining Abrasion Rate of Armourstones Using Physical Modeling Techniques 1250021
Ö. Acır and R. Kılıç

Modified Heel Pressure Formula to Simulate Tilting of a Composite Caisson Breakwater 1250022
M. Esteban, H. Takagi and T. Shibayama

Wave Forces on a Composite Breakwater with Circular Cylinder Caissons 1250023
A. Tørum, A. Jahr and Ø. Arntsen

Nonlinear Effects in Gravity Waves Propagating in Shallow Water 1250024
Y. Eldeberky

Author Index 1299001

This journal is covered in SciSearch® (also known as Science Citation Index-Expanded), ISI Alerting Services, Cambridge Scientific Index, Environment Abstracts, CSA Selected Water Resources Abstracts, CSA Oceanic Abstracts, CSA Health and Safety Abstracts, CSA Aquatic Sciences and Fisheries Abstracts (ASFA), Current Contents®/Engineering, Computing and Technology, Compendex, and Scopus.
