A fractured finger; an accommodation ladder failure and an alcohol-induced fall
- 36 MARS**  
Including a collision in good visibility
- 38 Products**  
Profiling the latest anti-piracy barrier and an innovative fibre optic cable kit
- 42 View astern**  
Theme park's replica *Titanic* will allow visitors to relive disaster, iceberg and all

**Safety at Sea** on the cover

The break-up and sinking of *MOL Comfort* last year forced the shipping industry to reassess many aspects of container ship safety. IHS Maritime looks at the major issues arising from the incident, including hull strength, box weighing, and safety inspections, in our feature beginning on page 26
