Features

16 Fire and gas

How DFDS was prompted to implement a new fire training programme

24 Navigation and bridge

Richard Clayton reflects on recent vibrant discussion concerning unmanned ships

28 Enclosed spaces

Can new legislation and training initiatives improve the safety of enclosed spaces?

on the cover

Game on: accidents in enclosed spaces remains one of the most common causes of fatalities on ships. But with new SOLAS legislation effective from January 2015, regular training drills will become mandatory. In our feature **on page 28** we look at the latest developments and ask if new provisions go far enough
