

CONTENTS

The 8th International Conference on Road and Airfield Pavement Technology

Innovative Asphalt Research Using Accelerated Pavement Testing	269
..... Manfred N. Partl, Christiane Raab, and Martin Arrigada	
Combined Effects of Temperature and Moisture Content on Soil Suction of Compacted Bentonite	281
..... Shu-Rong Yang, Wei-Hsing Huang, and Shao-Hung Chung	
The <i>In-Situ</i> Temperature Evaluations of Permeable Pavements in Summer	288
..... Chen-Yu Hsu, Shih-Huang Chen, and Jyh-Dong Lin	
Evaluation of Steel Bridge Deck MA Mixture Properties during Construction	293
..... Zou Guilian, Zhang Xiaoning, and Chung Wu	
Application of a Decision Tree Method with a Spatiotemporal Object Database for Pavement Maintenance and Management	302
..... Chien-Ta Chen, Chia-Tse Hung, Jyh-Dong Lin, and Po-Hsun Sung	
The Application of Hierarchical Linear Modeling for Barrier-Free Sidewalk Evaluation with the Basis of Disability Organization Cognitive	308
..... Ching Tsung Hung	
Preliminary Study on the Correlation between Two-Dimension Surface Texture and Friction	316
..... Shih-Huang Chen, Kuan-Lun Hsu, Pei Liu, and Hung-Wen Chung	
Assessment of Rut Depth Measurement Accuracy of Point-Based Rut Bar Systems Using Emerging 3D Line Laser Imaging Technology	322
..... Yichang (James) Tsai, Zhaohua Wang, and Feng Li	
Assessment of Asphalt Concrete Pavement Quality by Using Infrared Thermal Imaging Technology	331
..... Lisa Y. Chen, Mei-Yun Wang, Chien-Chiao Chao, and Wei Lo	
An Idealized Discrete Element Model for Pavement-Wheel Interaction	339
..... Yu Liu, Zhanping You, and Hui Yao	
The Service Quality of Roads in Taiwan from the Point of View of Road Users and Drivers	344
..... Jia-Ruey Chang, Pei-Jun Liu, and Guo-Chen Chen	
Effects of Various Extrapolation Techniques for Abbreviated Dynamic Modulus Test Data on the MEPDG Rutting Predictions	353
..... Minkyum Kim, Louay N. Mohammad, and Mostafa A. Elseifi	
The Feasibility of Using Washed Municipal Solid Waste Incinerator Bottom Ash in Compressed Mortar Paving Units	364
..... Wen-Ten Kuo, Chih-Chien Liu, and Chun-Ya Shu	
Toughness Enhancement of Airfield Concrete Pavement by Using Short Fiber	373
..... Muhammad Mubarak	
Critical Assessment of Jointed Plain Concrete Pavement Performance Using 40-Years of Condition Evaluation Data	380
..... Yichang (James) Tsai, Yiching Wu, and James Lai	
Regression Modeling of Resilient Modulus of Unbound Aggregates	388
..... Zahid Hossain, Musharraf Zaman, and Curtis Doiron
