Features

P18 Entertainment is essential

Shipowners should take onboard recreation provision seriously

P20 Surviving piracy trauma

The long-term mental health impacts for seafarers who have been held hostage

P26 Remote-control rescue

Ships are using unmanned surface vessels for rescue missions to keep crew safe

On the cover

Seafarers are reporting social isolation and mental health issues with greater frequency. SAS analyses the measures to support crew welfare.

Regulars

P4 Our say

The second guest editor to celebrate 50 years of *Safety at Sea*, Reverend Ken Peters from the Mission to Seafarers explores the issues that are taking their toll on the modern seafarer

P6 News round-up

Polaris Shipping begins VLOC safety inspections, while Seoul is to re-investigate *Sewol* sinking. Plus Tokyo brings fire deficiencies to the fore; Russia aims to win marine pilot battle; and former *Costa Concordia* master pleads his case

P14 Security news

The International Marine Bureau highlights violent pirate attacks and trouble spots in 2017

P16 Training news

Hundreds of Singaporeans get chance to retrain to pursue a career at sea

P32 Security insight

Somali piracy, after being stopped by international action, is back. Shipowners must not be complacent or expect political help

P33 Regulation insight

Cruise lines have been quick to reject stricter accident liability proposals being considered by the US legislature

P36 MARS

Lockout/tagout lapses, better stowage practices for steel, and other talking points

P38 Products

World's largest lifeboat boarded in record time; an immersion suit for all seasons

P39 View astern

The work of The Mission to Seafarers is more vital than ever

Professional Rescue Equipment for smaller vessels

- Rescue Scoop:** Crane- or boom operated rescue net for recovering able or disabled persons
- Rescue Frame:** Manual recovery system for gentle, horizontal rescue of casualties
- Rescue Dummy:** Realistic rescue dummy of human proportions (1,8m tall, 85kg max weight)
