

In this issue

(20 articles)

OriginalPaper

Effects of reclamation on heavy metal pollution in a coastal wetland reserve

Lingqian Xu, Wen Yang, Fan Jiang, Yajun Qiao, Yaner Yan...

Download PDF (828KB)

View Article

Pages 209-215

OriginalPaper

Structural complexity and tree species composition of mangrove forests of the Andaman Islands, India

R. Kiruba-Sankar, P. Krishnan, S. Dam Roy...

Download PDF (1616KB)

View Article

Pages 217-234

OriginalPaper

Marine uses, synergies and conflicts. Evidence from Crete Island, Greece

Georgios Tsilimigkas, Nikolaos Rempis

Download PDF (814KB)

View Article

Pages 235-245

OriginalPaper

Scenic value of the Basque Country and Catalonia coasts (Spain): impacts of tourist occupation

Beñat Iglesias, Giorgio Anfuso, Andrea Uterga...

Download PDF (2246KB)

View Article

Pages 247-261

OriginalPaper

Identifying and structuring objectives for a coral reef protection plan at the U.S. Environmental Protection Agency

John F. Carriger, William S. Fisher, Charles T. LoBue...

Download PDF (3351KB)

View Article

Pages 263-281

OriginalPaper

The impact of multiple seashore reclamation activities on vegetation cover in the Yellow River Delta, China: implications based on structural equation modeling

Wei Yang, Xiaoxiao Li, Yuwan Jin, Tao Sun

Download PDF (1918KB)

View Article

Pages 283-292

OriginalPaper

Development of an environmental management overview in the Farol de São Tomé Plain - Brazil

Julio Cesar Wasserman, Jacob Binsztok...

Download PDF (1033KB)

View Article

Pages 293-304

OriginalPaper

Sexual reproduction in the invasive bryozoan *Amathia verticillata* (Ctenostomatida: Vesiculariidae)

J. Micael, A. Gillon, N. Jardim, Pedro Rodrigues...

Download PDF (3327KB)

View Article

Pages 305-314

OriginalPaper

Exploration of the bearing capacity of Taparura Artificial Beach using the standard penetration test

Wassim Hamza, Fethi Cherif, Mohamed Choura

Download PDF (4016KB)

View Article

Pages 315-324

OriginalPaper

Present pollution profile of Karachi coastal waters

Seema Jilani

Download PDF (552KB)

View Article

Pages 325-332

OriginalPaper

Effect factors and classifications of planform geometry of arc-shaped beaches

Zhiqiang Li, Yamin Zhu

[Download PDF](#) (1382KB)

[View Article](#)

Pages 333-345

OriginalPaper

Harvesting and population status of *Hexaplex trunculus*(Gastropoda: Muricidae) in intertidal areas along the Gulf of Gabès (southern Tunisia)

Kamel Elhasni, Paulo Vasconcelos, Mohamed Ghorbel...

[Download PDF](#) (1492KB)

[View Article](#)

Pages 347-360

OriginalPaper

Mangrove species distribution and water salinity: an indicator species approach to Sundarban

Jyotiskona Barik, Anirban Mukhopadhyay, Tuhin Ghosh...

[Download PDF](#) (4228KB)

[View Article](#)

Pages 361-368

OriginalPaper

Deconstructing responses of sandy beach arthropodofauna to shoreline erosion: looking for the proper spatial scale to monitor biodiversity

Felicita Scapini, Simone Gambineri, Lucia Fanini

[Download PDF](#) (1478KB)

[View Article](#)

Pages 369-383

OriginalPaper

Improving the management of Taiwanese fishery resource conservation zones based on public perceptions and willingness to pay for ecosystem services

Jyun-Long Chen, Yu-Sheng Lin, Ching-Ta Chuang

[Download PDF](#) (734KB)

[View Article](#)

Pages 385-398

OriginalPaper

Participatory mobile- and web-based tools for eliciting landscape knowledge and perspectives: introducing and evaluating the Wisconsin geotools project

Download PDF (4015KB)

View Article

Pages 399-416

OriginalPaper

Monitoring and assessing the destruction of archaeological sites from Kuibyshev reservoir coastline, Tatarstan Republic, Russian Federation. A case study

Bulat Usmanov, Ionut Cristi Nicu, Iskander Gainullin...

Download PDF (19113KB)

View Article

Pages 417-429

OriginalPaper

Combining series of multi-source high spatial resolution remote sensing datasets for the detection of shoreline displacement rates and the effectiveness of coastal zone protection measures

A. Tsokos, E. Kotsi, S. Petrakis, Emm Vassilakis

Download PDF (15630KB)

View Article

Pages 431-441

OriginalPaper

Rapid losses of intertidal salt marshes due to global change in the Gironde estuary (France) and conservation implications for marshland passerines

Raphaël Musseau, Léa Boutault, Sonia Beslic

Download PDF (1614KB)

View Article

Pages 443-451

Erratum

Erratum to: Recent channel changes of the Jiangsu reach of the Yangtze river: an investigation from multi-temporal digital elevation models

Shibiao Bai, Ping Lu, Jian Wang
