

Volume 22, Issue 4, August 2018

ISSN: 1400-0350 (Print) 1874-7841 (Online)

In this issue

(15 articles)

OriginalPaper

Reproducible multi-parameter acoustic detection of seasonal drift macroalgae in the Indian River Lagoon, Florida

G. Foster, B. M. Riegl, L. J. Morris, K. A. Foster

Download PDF (8984KB)

View Article

Pages 587-604

OriginalPaper

Doñana mobile dunes: what is the vegetation pattern telling us?

José Carlos Muñoz-Reinoso

Download PDF (1521KB)

View Article

Pages 605-614

OriginalPaper

Substantial uptake of atmospheric and groundwater nitrogen by dune slacks under different water table regimes

J. Rhymes, H. Wallace, S. Y. Tang, T. Jones, N. Fenner...

Download PDF (941KB)

View Article

Pages 615-622

OriginalPaper

Restoring the natural functional capacity of coastal dune ecosystems: Utilising research records for New Zealand littoral refurbishment as a proxy for analogous global responses

Gregory Kenneth Jenks

Download PDF (6506KB)

View Article

Pages 623-665

OriginalPaper

Complexities of shrub encroachment: are shrubs important for the maintenance of diversity in *Themeda*-dominated assemblages on coastal headlands in eastern Australia?

John T. Hunter

Download PDF (1146KB)

View Article

Pages 667-677

OriginalPaper

Geospatial contrasts between natural and human-altered barrier island systems: Core Banks and Ocracoke Island, North Carolina, U.S.A.

Paul J. Paris, Helena Mitasova

Download PDF (3662KB)

View Article

Pages 679-694

OriginalPaper

Shoreline management plan for a medium energy coast along west coast of India

V. Noujas, K. V. Thomas

Download PDF (5634KB)

View Article

Pages 695-707

OriginalPaper

Sediment dynamics in altata ensenada del pabellón, a coastal lagoon located in the Gulf of California

Noel Carbajal, Yovani Montaña Ley, Federico Páez Osuna...

Download PDF (2582KB)

View Article

Pages 709-720

OriginalPaper

Hydrometeorological hazards assessment of some basins in Southwestern Sinai area, Egypt

Mohamed O. Arnous, Ali E. Omar

Download PDF (5111KB)

View Article

Pages 721-743

BriefCommunication

Adding to the toolbox for tidal-inundation mapping in estuarine areas

Rebecca Flitcroft, Patrick Clinton, Kelly Christiansen

Download PDF (7570KB)

View Article

Pages 745-753

OriginalPaper

Mitigating tourism-driven impacts on mangroves in Cancún and the Riviera Maya, Mexico: an evaluation of conservation policy strategies and environmental planning instruments

Ludger Brenner, Manuel Engelbauer, Hubert Job
